

How to Organize a Parish Mission

The purpose of organizing a Committee to prepare for a Parish Mission is to pave the way for parishioners to experience the graces of a Parish Mission through prayer, creativity, hospitality, nourishment, and fellowship, and to provide a comfortable, inviting atmosphere for those attending the mission. The following information was written by

Timeline:

Begin to organize a Committee to prepare for your Parish Mission approximately three or four months prior to the Parish Mission dates. Parish council members, Eucharistic ministers, lectors, liturgy committee members, greeters, ushers, Catholic school representatives, Knights of Columbus, prayer group leaders, youth group leaders, and religious education director and teachers are just some examples of those who should get involved. Try to get someone from each of those groups on the Parish Mission committee so they can communicate to their ministries about the mission and to solicit help.

Prayer:

Fr. Larry wrote a special prayer to be said in anticipation of a Parish Mission. A copy of this Parish Mission Prayer is attached to this document. Father asks that you say this as a community prayer at Mass after the intercessions in the last month leading up to the Parish Mission. Our hope is that the power of prayer will lead many people to the Parish Mission and ultimately to a closer relationship with God

Child Care:

Providing child care is important as it allow parents with young children the opportunity to attend if they did not have a babysitter at home.

Phone Calls:

Consider calling every family in the parish to invite them to the mission. Various ministries within your church such as Lectors and Eucharistic Ministers may be able to help in this area. You can also offer transportation if anyone expresses they do not have a way to get there. If there is no answer, leave a message. It is possible that you may reach people who have not been regularly attend Mass.

Publicity Committee:

The Publicity Committee is a key component to the success of having a large number of people attend the Mission. One parishioner should lead this committee as the chairperson. Six months prior to the Mission, this chairperson should be in contact with Mary Therese Craig, Executive Director of The Reason For Our Hope Foundation, at 814-455-7364. This committee must be in place in order to promote the Mission in the six months leading up to the start of the mission.

Father Larry receives many requests for Parish Missions each year, and it is not possible to fulfill each one. The parishes that were not able to be scheduled for a Mission may be in close proximity to your parish, and therefore, by advertising in other area bulletins and the newspaper, these people could attend the Mission as well. Also, many parishes have only about 40% of the total available Catholics in the area attending and supporting the parish. So it is important to reach those who are away from the church for some reason. Radio stations, newspapers, diocesan publications, and television bulletin boards are effective means to reach these people. A timely article on the religion page of the local newspaper is also a very effective tool. Included in this Packet for Parish Missions is a sample press release that you could submit to your local radio stations, television stations, and newspapers.

Parish bulletin reminders should begin weeks before the Mission in order to allow people to reserve the time on their calendars. Included in this Packet for Parish Missions is a flyer that you can download and place in strategic places such as bulletin boards for nearby churches and Catholic schools, grocery stores, other retail stores, and businesses owned or managed by parishioners. If your parish has a website is very important to post information about the Mission on your website.

Meeting once a month with the Publicity Committee will help facilitate the objectives of the committee. Attached is "Publicity Committee Checklist" of suggested items in a timeline format to be accomplished by the Publicity Committee in order to successfully reach as many people as possible to attend the Parish Mission.

A 10 minute DVD to be played at all the Masses either the weekend before or the weekend of the Parish Mission will be mailed to your pastor approximately one month before the Mission. In this DVD Fr. Larry is in his Mass vestments and is speaking from his parish church, and it is the exact same homily that he gives to every parish at all the Masses to encourage people to come to the Mission. This is a very effective tool to bring people to the Mission as long as it is played

during the homily at the Masses. This DVD is available for review now on our website at: www.thereasonforourhope.org. Just click first on “Meet Father Larry”, then “Packet for Parish Mission”, and finally on “Parish Mission Intro”. It takes a few minutes to download.

Music Ministry:

The Music Ministry within your church is an important part of the Parish Mission. Please have the leader of the Music Ministry review the “Parish Mission Guidelines for Musicians” which is a part of the Packet for Parish Missions.

Greeters:

Each night, you will need greeters at all the doors, holding baskets with the items they will need on that evening; pencils, pens, paper, list of sins to confess, etc.

Ushers:

Finding seats for everyone is such an important welcoming gesture. Set up chairs to make sure no one has to stand. This is God’s Home. He is a hospitable God.

Media and Books:

CDs, DVDs and books are made available for the Parish Mission through The Reason for Our Hope Foundation. All media will be shipped ahead of time to your parish along with price cards for the media and a price list. The parish contact for will be sent an email with UPS tracking numbers and a list of the inventory shipped. Each night of the Parish Mission, the media should be available for sale both before and after the Parish Mission. Shortly after the mission is completed your parish contact will receive a call from the foundation regarding shipping the media and the price cards back to us as well as the proceeds from sales.
